Nostalgia, memories & the trodden path

Editorial by-
Dr Indranil Chakravorty

“The Greek word for “return” is nostos. Algos means “suffering.” So nostalgia is the suffering caused by an unappeased yearning to return.” — Milan Kundera

We were in the heady days of spring in the West and Baishakh in India. There was a sprouting of green shoots everywhere one cared to look, an explosion of daffodils, blossoms and every vista was splashed with an exuberance of colour.

The yoke of a seemingly never-ending COVID-19 pandemic was starting to lift.

Remembering the Past, Maximising the Present, to Secure a Bright Future

Interview with Dr Satheesh Mathew by
Ritwika Roy

Seated comfortably at his homework desk, exuding an aura of calm and dignity, my guest for the day, Satheesh Mathew patiently listened to me with eagerness and answered my questions.

Being a renowned doctor in the UK, Satheesh giggled and spoke *“Hey, you know the funny thing, I was never supposed to become a doctor!”*

BAPIO Conference "Dignity at work : On Paper or In Practice?"

A Message from the organising team

Dear Friends,

Building on the initiatives of BAPIO, I welcome and look forward to meeting you during this hugely well received conference aptly themed "Dignity at work: On Paper or In Practice?" in the Hanseatic town of King's Lynn. The backdrop of historic Town Hall as a venue will provide lasting memories and great network opportunities.

Being valued, being listened to, and being treated with respect are just some of the things that add up to a Dignified Workplace.

Mr Siya Sharma
Convenor, QEH-BAPIO Conference
Chair, BAPIO Kings Lynn

12 Weeks to Super Health by Dr Sunil Kumar

BAPIO Health and Wellbeing Forum Presents Healthy Habits for life which is a 12 week programme. Dr Sunil Kumar is a UK-based Anaesthetist and Certified Lifestyle Medicine Physician and Co-Vice Chair of Health and Wellbeing Forum.

The program is specially designed for BAPIO members focusing on their Nutrition, Physical activities, Sleep hygiene and Stress management techniques.

It is a successful approach to achieving your health goals and ensuring sustainable change that fits in with your lifestyle. The programme is in its 3rd week and is gaining popularity within BAPIO members and their friends and families. The members are appreciating the constant support and encouragement provided by Dr Kumar. Here's what some of the participants have to say about it-

'Many thanks for your holistic advice and lot of dedication, Very much Grateful' - Virendra

'I echo what everyone saying about you Sunilji. You show your dedication to your followers . My habit of drinking 2.5-3 L water and sticking to 3 meals a day purely because of your coaching. When started with rainbow meals, I thought I am going to struggle. But soon realised it is all in my fridge which I have not thought about eating with each meal. Thank you very much.' -

BAPIO is invited by the HCI to collaborate in the 4th India UK Healthcare Conference.

The High Commission of India, London is organizing their 4th India UK Healthcare Conference in London on 12 May at The Royal College of Physicians, London, and have invited BAPIO to collaborate at the conference.

The previous three Conferences have proven to be a successful endeavour in bringing several key stakeholders of both countries on one platform, to share their experiences, deliberate on solutions, and explore ways and means to further increase the cooperation in the healthcare sector.
